## **BACKGROUND**

The MCSCEC is charged with helping develop plans to administer grant funds, solicit and review grant applications, and select for funding improvement projects that benefit the area directly affected by the Metro Central transfer station, including portions of Northwest and North Portland.

Mary Nolan, Metro Councilor for District 5, chairs the seven-member committee. Prior to appointment, members of the committee are required to be nominated by neighborhood associations named in Metro Code Section 2.19.120 or by an environmental organization that has or will have an interest in the enhancement area.

A recruitment to fill the positions began in March of 2023, seeking replacement of representatives from the Linnton Neighborhood and the Cathedral Park Neighborhood on the MCSCEC. Metro staff engaged the Cathedral Park Neighborhood Association and the Linnton Neighborhood Association, current MCSCEC committee members, and current and past grantees to recruit nominees. Metro staff received two applications in total.
