Council President Peterson called on Marissa Madrigal (she/her), COO, Metro, and Brian Kennedy, CFO, Metro to present to Council.

*Presentation Summary:*

Brain Kennedy (he/him), CFO, Metro, detailed the process leading to the current rate proposal, emphasizing the council's previous recommendations and the adopted 11% fee increase from the prior fiscal year. He explained the extensive engagement activities over the last year, which included roundtables, task force meetings, and communications with various stakeholders. The waste fee policy task force prioritized setting fees at the full cost of service and maintaining separate reserves, while Metro's solid waste services focus on equity, health, and the environment rather than just cost efficiency. He highlighted the proposed 11.9% fee increase for the next fiscal year, stressing the need to cover the full cost of services and avoid depleting fund balances, ultimately recommending the council adopt the new fee structure.

*Council Discussion:*

President Peterson (she/her), requested further clarification

on the apparent disparity between the cost of service reduction in the budget compared to the proposed eleven percent increase in the tipping fee. How would items conflicting present such a drastic picture.

Brian Kennedy (he/him), stated the reason for the conflict in budget is because there is only one expensed budget including the state grant funds which caused a smaller capital program for the 2025 fiscal year.

Seeing no further discussion on the topic, Council President Peterson moved on to the next agenda item.

**adopted**

Council President Peterson called on Brian Kennedy, (he/him), CFO Metro, to present to council.

Brain Kennedy, CFO Metro, explained the process of developing the rate proposal and answered questions about council's adoption of an 11% fee increase. over the past year, there were extensive engagement activities, including budget roundtables and a waste fee policy task force.

Kennedy emphasized the importance of setting fees at the full cost of service, discussed the criteria prioritized by the task force, and detailed the staff recommendation for adopting resolution 24 5404 to set solid waste fees at the cost of service for fiscal year 24-25.

*Council Discussion*

President Peterson inquired about the overall cost of service provision reduction on the budget versus the tipping fee.

Brian Kennedy stated that the main reason for the difference is because there was a one-time expense budgeted in the current fiscal year with the inclusion of expenditure of state grant funds that offset the revenue; making the budget smaller.

Seeing no further discussion on the topic, Council President Peterson adjourned to the TSCC hearing on the Oregon Zoo Bond.
