Metro respects civil rights

Metro fully complies with Title VI of the Civil Rights Act of 1964, Title II of the Americans with Disabilities Act, Section 504 of the Rehabilitation Act and other statutes that ban discrimination. If any person believes they have been discriminated against regarding the receipt of benefits or services because of race, color, national origin, sex, age or disability, they have the right to file a complaint with Metro. For information on Metro's civil rights program, or to obtain a discrimination complaint form, visit oregonmetro.gov/civilrights or call 503-797-1890. Metro provides services or accommodations upon request to persons with disabilities and people who need an interpreter at public meetings. If you need a sign language interpreter, communication aid or language assistance, call 503-797-1890 or TDD/TTY 503-797-1804 (8 a.m. to 5 p.m. weekdays) 5 business days before the meeting. All Metro meetings are wheelchair accessible. Individuals with service animals are welcome at Metro facilities, even where pets are generally prohibited. For up-to-date public transportation information, visit TriMet's website at trimet.org

Future Vision: Follow-Up Scoping Discussion
Work Session Topics

Metro Council Work Session
Tuesday, April 8, 2025

FUTURE VISION SCOPING DISCUSSION #2

Date: March 27, 2025
Department: Planning Development & Research
Meeting Date: April 8, 2025
Prepared by: Jessica Zdeb

Presenters: Malu Wilkinson; Jess Zdeb; Connie Chung (HR&A Advisors); Janine Clark (HR&A Advisors); Jill Bengochea (HR&A Advisors)
Length: 90 minutes

ISSUE STATEMENT

Starting in 2025, Metro will be updating its 50-year regional vision, the Future Vision, as required by Metro Charter. Metro's Charter does not describe a specific process to update the Future Vision, so staff is seeking Council guidance on a scope to define a set of planning and engagement steps for the update. The scope is being developed with input from Metro Council members and experts, in addition to learning from peers across the country about current best practices.

ACTION REQUESTED

Staff request active participation in the discussion to help define the outcomes, scope and content of the Future Vision process.

IDENTIFIED POLICY OUTCOMES

Eventual adoption of an updated Future Vision and an implementation plan are likely to lead to actions that result in amended and potential new Metro policies. These are anticipated to include an update of the 2040 Growth Concept and Urban Growth Management Functional Plan, but other outcomes will be identified as part of this process.

POLICY QUESTIONS

1. What are your reactions to the vision process elements and examples of outcomes you just heard?
2. What are your key priorities and direction for the Future Vision Commission in their work to draft and recommend a Vision to Council?

POLICY OPTIONS FOR COUNCIL TO CONSIDER

While some aspects of the work program are defined by Metro's Charter, there is significant flexibility to define the scope of this effort, and staff will build the work program in response to Council's input and feedback. Staff and consultants will present several example process elements that could be part of the Future Vision work plan. Council is requested to consider the suitability of these elements to achieve the outcomes collectively identified in the February 25 work session.

STAFF RECOMMENDATIONS

There is no staff recommendation associated with this item.

STRATEGIC CONTEXT & FRAMING COUNCIL DISCUSSION

Metro Council held the first of two work sessions on this scoping topic on February 25. Staff and the consultant team will share some key takeaways from that discussion in the work session and request Councilors to confirm or adjust those takeaways. The initial list includes the following considerations for the project team to apply as scoping proceeds:

- The Future Vision is an **opportunity to incite excitement and dreaming** about our region's potential.
- The Future Vision should be **aspirational and supported by a plan that is actionable.**
- The Future Vision should **combine rigorous analysis and inclusive community engagement.**
- The Future Vision should provide a basis to **open difficult conversations and grapple with tough questions.**
- The Future Vision should **reflect the unique attributes of the Portland region.**
- The Future Vision should **embody regional coordination.**

Council also expressed priorities for the process itself that will be used to develop the Future Vision. These priorities were:

- Build beyond initiatives and organizations already engaged, including youth voices
- Include those clearly left out of the 1995 planning process
- Work with the region's business community
- Reference expert opinions on future trends

Councilors have also been clear that the process to develop the 50-year vision must effectively set the stage for the shorter-term implementation steps that will flow from it. Implementation happens when parties are motivated to bring resources, remove barriers and work together because they bought into the end goal and can see themselves in it.

BACKGROUND

Last year, the Metro Council discussed this topic during two work sessions and two rounds of staff conversations, plus additional one-off discussions. Those conversations reinforced Council's interest in this work but have not yet coalesced around a concrete statement of desired outcomes, guidance for the Future Vision Commission or engagement and scope elements. This work session is the second of two led by a consultant team with the goal of:

- Defining project outcomes/outputs
- Initial identification of key Vision topics
- Charge for Future Vision Commission
- Scope inputs for Vision development

The prior scoping work session was held on February 25, 2025.

REGIONAL WORKFORCE GAP ANALYSIS

Date: April 2, 2025
Department: PD&R
Meeting Date: April 8th, 2025

Prepared by: David Tetrick, (971) 393-3226, david.tetrick@oregonmetro.gov
Presenter(s), (if applicable): David Tetrick (he/him), Senior Economic Development Planner
Length: 60 minutes

ISSUE STATEMENT

Metro is committed to supporting a region where all residents have access to quality jobs that support their families and help them thrive. Helping residents to develop the skills needed to thrive in today's economy is crucial for supporting the growth of businesses in our region. To that end, Metro is undertaking a Regional Workforce Gap Analysis to better understand the barriers to workers and businesses, and to understand the opportunities for additional support for our region's workers and businesses.

ACTION REQUESTED

No action is requested at this time.

IDENTIFIED POLICY OUTCOMES

The goal of this work session is to discuss the planned scope of the Regional Workforce Gap Analysis with Metro Council and solicit feedback. Staff are also hoping to learn how this project could address regional questions and priorities and support other Metro and regional projects like the Future Vision and the update of the Comprehensive Economic Development Strategy.

POLICY QUESTION(S)

1. What are the current and likely future gaps in our workforce development system that are preventing residents from accessing training to advance into higher wage jobs?
2. What are the current and likely future gaps in our workforce development system that are preventing our local businesses from finding the workers they need to grow and expand?

POLICY OPTIONS FOR COUNCIL TO CONSIDER

Not applicable at this time.

STAFF RECOMMENDATIONS

Not applicable at this time.

STRATEGIC CONTEXT & FRAMING COUNCIL DISCUSSION

The Regional Workforce Gap Analysis will consider how to provide better access to higher paying jobs to communities that have traditionally lacked that access. This work will build on several efforts that are currently underway.

First, the economic disparities faced by East Multnomah County residents and other historically disinvested communities compared to the rest of the region have long been evident, and many efforts to address these disparities are currently underway. The Port of Portland, in coordination with local partners, has recently completed the East Multnomah County Economic Development Strategy focused on leveraging Port assets in the region to deliver greater benefits to residents of those communities. One of the main concerns highlighted by their Stakeholder Advisory Committee is to marshal additional workforce development resources to provide greater opportunities for area residents. Metro is supportive of this work and may have a role to play in its implementation.

Second, Metro's existing work with community coalitions in developing and implementing Equitable Development Strategies offers an additional opportunity to pilot corridor- and neighborhood-specific workforce development strategies to improve job access and support growing businesses. Current work on 82nd Avenue will support and inform this project and help identify strategies to address disparate access to job opportunities for residents in our region.

Third, the Regional Workforce Gap Analysis should inform short and long-term strategies, including the region's Comprehensive Economic Development Strategy (CEDS) and Metro's update to the region's 50-year Future Vision. The current CEDS rallies partners to focus on three goals: fostering economic mobility, supporting a competitive economy and building a resilient region. The next CEDS update can build on these themes and address the current context of our region and how we maintain and build on our competitive advantages. Workforce development will be a crucial part of this conversation--creating opportunities for residents to skill up in quality jobs is vital to the continued economic growth of the Greater Portland region.

Lastly, the Environmental Protection Agency's Climate Pollution Reduction Grant (CPRG) award to Metro requires an analysis of the region's workforce capacity to implement the Comprehensive Climate Action Plan (CCAP) and will be included in this work.

Our current project scope has been reviewed by regional partners, including Worksystems Inc and the Port of Portland, and we are in the process of procuring a consultant to support the work. This project is funded within the Planning, Development & Research Department's budget along with a contribution from the Port of Portland.

BACKGROUND

Metro is committed to helping all residents of the region have access to quality jobs that support their families and help them thrive. The EPA Climate Pollution Reduction Grant (CPRG) and the development of the Comprehensive Climate Action Plan (CCAP) require an analysis of the current and future workforce development gaps that could negatively impact the implementation of the CCAP in our region. Metro staff saw an opportunity in this analysis of workforce gaps to address persistent poverty in certain areas of our region--and the ways in which certain populations have been excluded from education, job training and career opportunities--by looking across additional industries and career pathways beyond those included in the CCAP and holistically address the workforce development needs of the region.

Director

Janine Clark
Senior Analyst

Meeting Objectives

- 1** **Reflect and align** on the goals, topics, and process principles for the Future Vision process.
- 2** **Identify key process elements** for the Future Vision work and engagement plans.

Agenda

Welcome and Objectives	5 min
Recap of February Work Session	25 min
Vision Process	15 min
Discussion	40 min
Closing and Next Steps	5 min

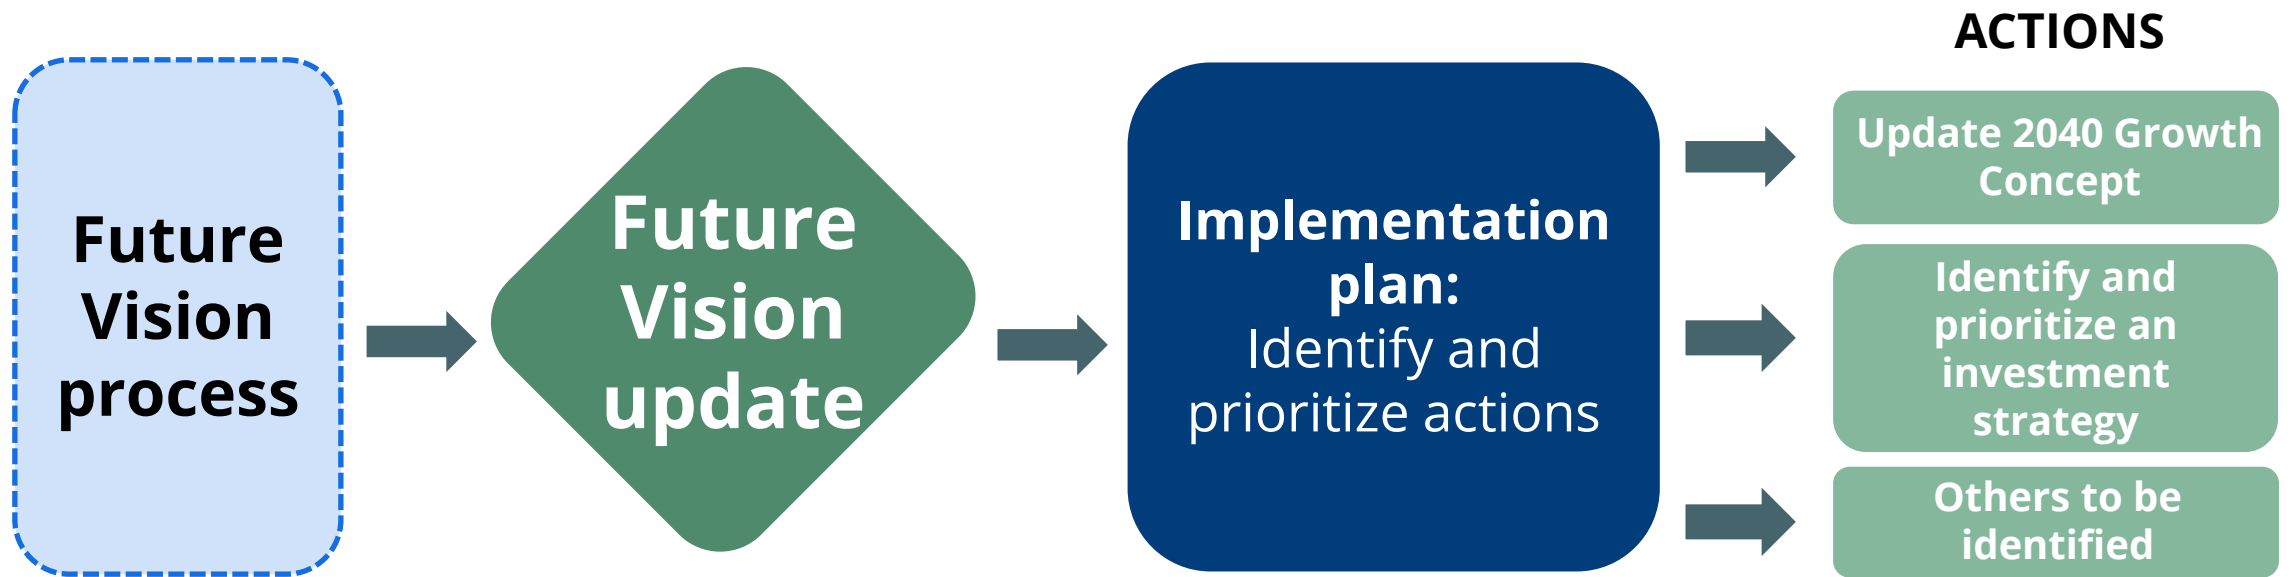

02

Recap of February Work Session

25 minutes · All · Facilitated by HR&A Advisors

RECAP: THE VISION PROCESS LEADS TO AN UPDATED FUTURE VISION

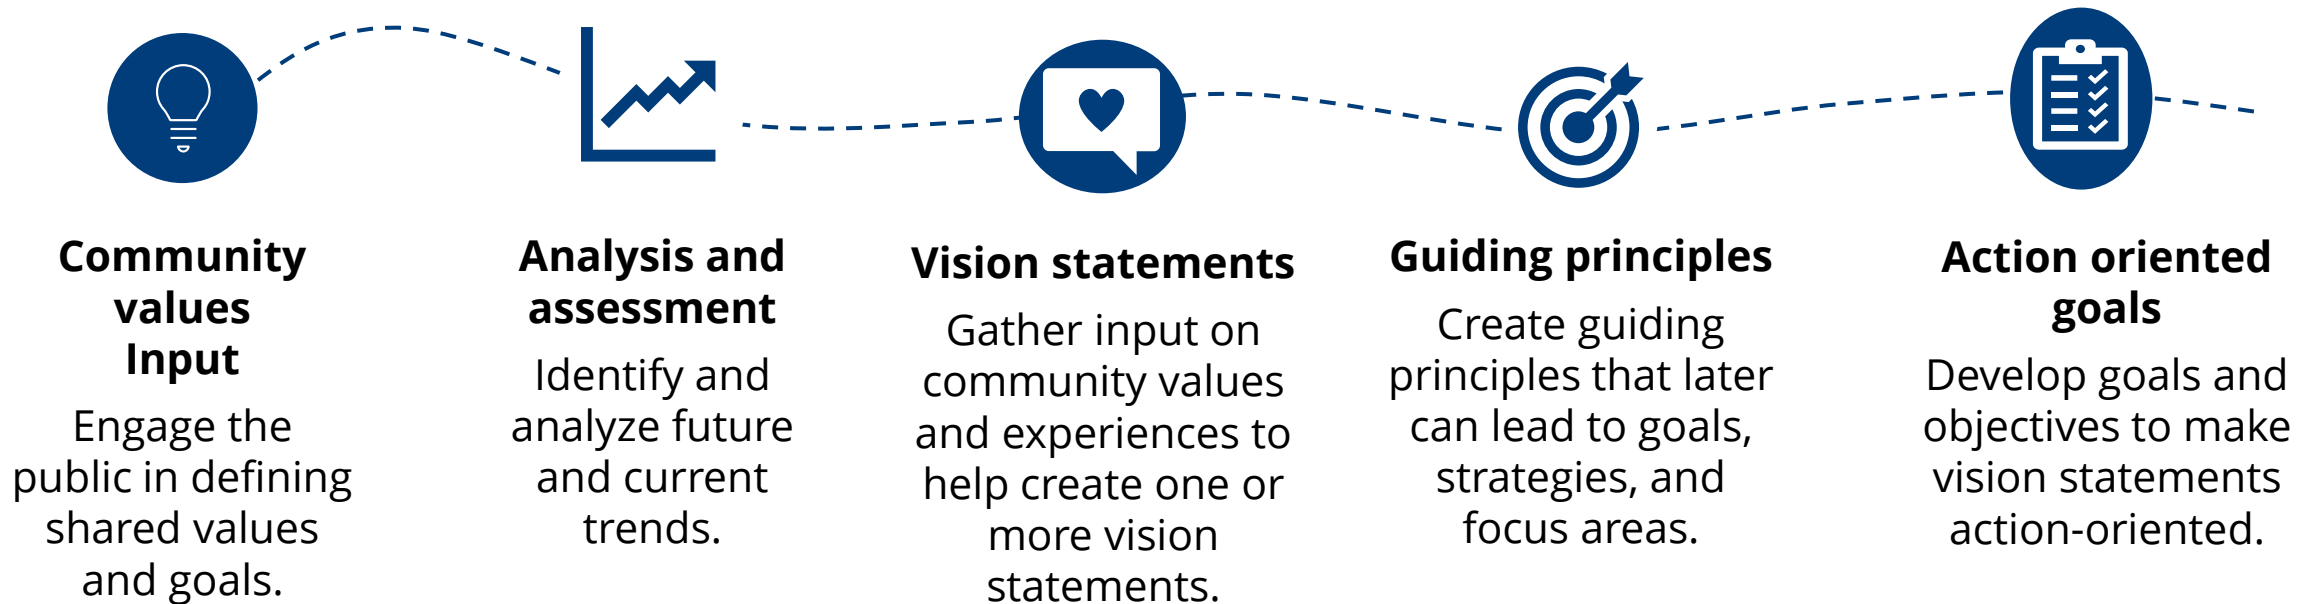

METRO FUTURE VISION IN ACTION

RECAP | VISION DEVELOPMENT BEST PRACTICES | VISION DEVELOPMENT PROCESS

Generally, communities develop their visions using some or all of the elements below.

VISION DEVELOPMENT PROCESS

RECAP | FUTURE VISION PROCESS GOALS

We heard the Future Vision process should:

- Be an **opportunity to incite excitement and dreaming** about our region's potential.
- Be **aspirational and supported by a plan that is actionable.**
- **Combine rigorous analysis and inclusive community engagement.**
- Provide a basis to **open difficult conversations and grapple with tough questions.**
- **Reflect the unique attributes of the Portland region.**
- **Embody regional coordination.**

RECAP | FUTURE VISION PROCESS TOPICS

We also heard that the Future Vision should broadly include the following topics:
(with the list to be refined)

Creativity and innovation,
including arts and culture

Economic prosperity
including sports and sports tourism,
workforce development

Climate resiliency, energy
and resources

Thriving places,
land use,
transportation, and
housing

Racial equity

RECAP | FUTURE VISION PROCESS GOALS

Finally, we heard that the future vision process should:

Build on initiatives and organizations already engaged, including youth voices.

Include those left out of the 1995 planning process.

Work with the business community.

Reference data-driven trends.

What has stuck with you since the last meeting?

03

Vision Process

15 minutes • HR&A Advisors

VISION PROCESS | WE WILL REVIEW TWO ELEMENTS OF THE VISION PROCESS

1 Reaching the right audience:

- Whom to engage
- How to engage
- When to engage

Build on initiatives and organizations

Include those clearly left of out the 1995 planning process.

Work with the business community.

Reference data-driven trends.

2

Leading a data-driven process

Governing body, for example Metro Council

Commission

A commission oversees the process to develop a vision and crafts recommendations for the governing body to ultimately adopt.

Community values

Engage the public in defining shared values and goals.

Trends

Identify and analyze current and future trends to get a sense of how the region may look.

Vision statements

Gather input on community values and experiences to help create or receive feedback one or more vision statements.

VISION PROCESS | HOW, WHOM, AND WHEN TO ENGAGE

How to engage	Whom to engage			When to engage		
Future Vision Commission	Jurisdictional and agency partners	Local organizations	Residents	 Community values	 Vision statement	
Surveys, listening sessions and creative input	Jurisdictional and agency partners	Local organizations	Residents	 Community values	 Vision statement	
Action summit(s)	Jurisdictional and agency partners	Local organizations		 Community values	 Trends	 Vision statement

VISION PROCESS | WHOM TO ENGAGE: KEY PARTNERS AND CO-CREATORS

Metro stakeholder categories to include and invest in the Future Vision process:

Jurisdictional and agency partners

- Local government

Image of Clackamas Bridge. Source: creative commons

Local organizations

- Chambers of Commerce and local businesses
- Cultural and arts organizations
- Philanthropic foundations
- Research and higher education
- Topic specific expertise-housing, etc.
