**Notes and Summary of Changes:**

- > Red font = prior amended funding or project details. Blue font = amended changes to funding or project details. Black font indicates no change has occurred.
- > The amendment adds the allocated ARPA of Portland which were allocated to DAS with ODOT acting as oversight manager. Since the allocation was to DAS, the funds are considered "Local" and not federal.
- > Support Materials: 82nd Ave Exhibit, project allocation overview, and meetings between Salem, Portland, and Metro

**Amendment Summary:**

The formal amendment adds \$80 million of American Rescue Plan Act of 2021 funding for Portland to complete various safety improvements on 82nd Ave. The ARPA funds were allocated to the Oregon Department of Administrative Services (DAS) and approved for Portland's 82nd Ave Safety Upgrade project. ODOT will act as oversight manager to ensure the project is properly delivered. Because of the ARPA funds appropriation format to the Oregon DAS, they now are considered local funds. The funds will not obligate through FHWA's FMIS system or complete the regular federal transportation delivery process. As a result, the funds are being programmed as local "Other" funds.

Since the regular federal approval steps will not apply to this project, programming in the MTIP is for information purposes only. With a total project cost of \$80 million dollars, the project is considered regionally significant. Final allocation of the funds will require OTC approval. The OTC is expected to address the item during their December 2021 meeting. Programming in the MTIP is occurring contingent on OTC approval in December which is expected to occur without issue.

- > Will Performance Measurements Apply: Yes, Safety

**RTP References:**

- > RTP ID: 11844 - 82nd Ave Corridor Safety Improvements: Local Contribution to State-owned Arterial
- > RTP Description: Design and implement multimodal improvements to sidewalks, crossings, transit stops, striping, and signals to enhance ped/bike safety, access to transit, and transit operations. Project will coordinate with ODOT to identify locations and design treatments.
- > Exemption status: Exempt project per 93 CFR 126, Table 2 - Safety - Projects that correct, improve, or eliminate a hazardous location or feature.
- > UPWP amendment: No
- > RTP Goals: Goal 5 - Safety and Security
- > Goal Objective: 5.1 Transportation Safety
- > Goal Description: Eliminate fatal and severe injury crashes for all modes of travel.

**Fund Codes:**

- > Other = Normally additional local funds committed to the project above the minimum required federal match. In this specific case, the Other funds are considered local, but trace their origin back to the federal ARPA Act of 2021..

**Other**

- > On NHS: Yes. 82nd Ave is designated as a MAP-21 NHS Principal Arterial on the NHS.
- > Metro Model. Yes to the following Metro networks: Motor Vehicle, Transit, and Pedestrian
- > Model category and type: Major Arterial in the Motor Vehicle Network, Frequent Bus route in the Transit Network, and Pedestrian Parkway in the Pedestrian Network
- > TCM project: No
- > Located on the CMP: Yes

## FIGURE 2. 82ND AVENUE PROPOSED \$80M INITIAL SAFETY INVESTMENT

PBOT and ODOT will take near-term action to invest in urgent safety improvements.

- 1. Potential crossing location
- 2. Add lighting where missing
- 2 & 3. Corridor-wide improved lighting and systemic safety
- 3. Identified intersection safety upgrades

	DELIVERY TIMEFRAME	BUDGET
<b>1. Additional new or enhanced crossings (6 to 10)</b> Locations to be determined, drawing on unfunded locations identified in PBOT's 82nd Avenue Plan.	1-2 years	\$10-12M
<b>2. Lighting for safety throughout the corridor</b> Fill in lighting where it is missing on one side, add pedestrian lighting at crossings and intersections, and upgrade existing lighting to meet standards.	1-2 years	\$10-12M
<b>3. Intersection safety enhancements</b> Systemic safety and intelligent transportation system investments, including treatments such as leading pedestrian intervals, protected left turn phasing, high visibility crossings, etc.	1-4 years	\$8-10M
<b>4. Cross Section Planning and Project Development</b> PBOT-led project development and implementation planning to develop envisioned cross section and transit investment approach.	0-4 years	\$2-3M
<b>5. Sidewalk improvements, ADA, signals, and pavement investments</b> Depending on the outcome of the cross section planning, invest in pavement, sidewalks, ADA ramps, signals, and safety upgrades on a portion of 82nd Ave.	2-4 years	\$43-50M
<b>TOTAL</b>		<b>\$80M</b>
