Funding to develop the SFY 23 UPWP Master Agreement list of approved projects will include federal PL funds, federal 5303 funds, State funds, and federal STBG funds. The STBG funds are already committed to the Metro's UPWP through the RFFA Step 1 allocation process. This amendment is now pulling the STBG funds needed for the SFY 23 UPWP from Keys 20877 and 22151.

Detailed Description: Metro's Transit Oriented Development (TOD) program works directly with developers and local jurisdictions to create vibrant downtowns, main streets and station areas. The program attracts private investment in construction of compact and mixed-use buildings that: <ul style="list-style-type: none">Bring people to live and work within walking distance of high quality transit;Creates new market comparables for more compact development;Cultivates developers with expertise in compact and mixed-use building in suburban settings;Increases acceptance of urban style buildings through high quality design;Contributes to place making and local identity; andSupport housing affordability. By increasing the intensity of land uses close to transit, people have been induced to use transit more, and drive less. This improves the cost-effectiveness of regional transit investments. - > Support Materials: Preliminary UPWP budget assessment and requirements for SFY 2023

Amendment Summary:

- The formal amendment advances the current programming year of FFY 2025 forward to FFY 2022. In a later admin mod, Key 22169 will be combined into Key 21839 to be part of the UPWP Master Agreement portion. There is no reason to keep Key 22169 as a stand-alone project. It should be merged later into Key 21839.

Amendment Summary:

The formal amendment adds the new project's PE and ROW phase to the 2021-26 MTIP. The construction phase is presumed to be scheduled for FFY 2025 based on a scheduling need for a standard two-year ROW phase to be in in FFY 2023.

ODOT is a potentially responsible party (PRP) for the Portland Harbor Superfund site and has several drainage areas, located on multiple facilities, which currently discharge stormwater to portions of the Willamette River within the Portland Harbor. To reduce the potential for recontamination of the Portland Harbor, ODOT has been working with the Oregon Department of Environmental Quality (DEQ) over the past several years to seek a source control determination for ODOT stormwater. Over the past two years, ODOT has developed a feasibility study in partnership with DEQ to identify viable solutions to achieve this source control determination. The results of the advanced investigation/scoping confirmed the results of the feasibility study for the St. Johns Bridge locations and Fremont Bridge locations.

Amendment Summary:

The formal amendment adds the new project to the 2021-26 MTIP. Funding originates from remaining unobligated funds from Key 21315.

The location situated along SE Powell corridor includes the highly utilized TriMet #9 route. This location was part of the ODOT inner Powell Road Safety Audit and the location of a pedestrian study. The outcome justified merit for adding a new traffic signal at this location. ODOT has received at least 3 "Ask ODOT" inquiries from members of the public advocating for an RRFB at this location. The location just east of this offset intersection is within proximity of a top 5% SPIS site.

Amendment Summary:

The formal amendment adds the new Oregon Parks Recreational Trail Program (RTP) project for the Columbia Slough Watershed Council to the 2021-26 MTIP. MTIP and STIP programming is required as FHWA FMIS obligation procedures are required. The project is an Oregon Parks and Recreation Department Recreational Program Trail grant funding award winner from the FY 2021 funding call. The Recreational Trails Program (RTP) is a federal aid assistance program administered by the U.S. Department of Transportation, Federal Highway Administration (FHWA). Funds are appropriated out of the Highway Trust Fund and represent fuel tax attributed to non-highway recreational use. Funds pass through ODOT and are administered by OPRD. RTP funds are awarded to projects that develop and enhance public recreational trails for both motorized and non-motorized uses
