

Draft 2018 Regional Transportation Plan 2040 Financially Constrained projects

The financially constrained projects are the highest priority projects given limited transportation funding and quality for regional, state and federal funding. This list of projects includes projects for which funding has been committed and projects that can be implemented with the funds the region currently expects to have available.

These projects have been divided into two investment time frames; 2018-2027 and 2028-2040.
