

Getting there with a connected region

**2018 REGIONAL TRANSPORTATION PLAN****Roster for Design Technical Work Group**

Metro is working with local, regional and state partners and the public to update the region's shared vision and strategy for investing in the regional transportation system for the next 25 years.

To support development of the 2018 Regional Transportation Plan, Metro staff are convening eight technical work groups to provide input to the project team on implementing policy direction from the Metro Council and regional policy advisory committees. In this role, the work group members review and provide feedback to Metro staff on draft materials and analysis, keep their respective elected officials and agency/organization's leadership informed. The work groups also help identify areas for further discussion by the Metro Council and regional technical and policy advisory committees.

Work group members include topical experts and representatives from the Metro Technical Advisory Committee (MTAC) and the Transportation Policy Alternatives Committee (TPAC) or their designees, and other community, business, city and county partners. Meetings of the technical work groups are posted on Metro's calendar at [www.oregonmetro.gov/calendar](http://www.oregonmetro.gov/calendar) and [www.oregonmetro.gov/rtp](http://www.oregonmetro.gov/rtp).
