

2020 REGIONAL SUPPORTIVE HOUSING IMPLEMENTATION PLAN

PROGRAM

Implementation Partner Coordination

- Define terms of eligible uses
- Coordinate system entry, cross jurisdictional access, and data sharing
- Identify scope of work for public engagement and framework development

Develop Policy Framework

- Convene community and service provider partners to develop regional policy framework for implementation
- Align with Here Together framework

REVENUE

Revenue Collection Scoping

- Further analysis: Collection costs, anticipated revenue, flow fluctuation for program implementation
- Pursue possible contract partners for revenue collection

Build Revenue Collection System

- Identify the most cost efficient and effective mechanism for revenue collection of a new high-earner income tax
- If appropriate, establish contract with the suitable partner to collect and maintain new system

OVERSIGHT

Appoint Oversight Committee

- Identify community leaders in partnership with jurisdictions to be nominated for Oversight Committee
- Appoint body representing diverse personal and geographic perspectives, professional and technical expertise, and people who have been personally impacted by the need for supportive housing

SYSTEMS

Build Agency Capacity

- Create new regional coordination, data collecting and sharing, programmatic rulemaking and oversight systems
- Metro will lead regional work in partnership with implementing jurisdictions

Complete Intergovernmental Agreements

- Agreements will determine allowable uses, measureable outcomes, and accountability metrics and flow of funds with implementing jurisdictions. (Counties, Housing Authorities, etc.)
- IGA's will be finalized in advance of available revenue, anticipated to begin summer of 2021
