WORK PLAN)	

WHEREAS, the greater Portland region is facing a severe housing affordability and homelessness crisis, which endangers the health and safety of thousands of our unhoused neighbors. Homelessness is a deeply traumatic and dehumanizing experience that no person should have to endure, regardless of their circumstances; and

WHEREAS, tens of thousands of households in the greater Portland region need supportive housing services, and thousands more need housing assistance, according to the February 2020 ECONorthwest report entitled “Potential Sources and Uses of Revenue to Address the Region’s Homeless Crisis”; and

WHEREAS, communities of color have been directly impacted by a long list of systemic inequities and discriminatory policies that have caused higher rates of housing instability and homelessness among people of color and they are disproportionately represented in the housing affordability and homelessness crisis; and

WHEREAS, the housing affordability and homelessness crisis in the greater Portland region impacts us all and requires collective and individual action from every person, business, elected official, and resident that calls the region home; and

WHEREAS, a safe, affordable home is the cornerstone on which all other success is built, and the stable foundation all members of our community need to thrive; and

WHEREAS, the homelessness crisis is an issue of scale and services do not yet match the scope of the crisis; and

WHEREAS, a broad coalition of service providers, business leaders, elected officials, and advocates have come together as HereTogether over the course of the last two years to identify the needs, develop strategies, engage communities, and build regional consensus, which led to the development of a “Regional Policy Framework” and a “Governance Framework”; and

WHEREAS, the Regional Policy Framework presents a vision of services and investments to address homelessness and housing instability; and

WHEREAS, the Regional Policy Framework presents a strategy for providing homeless and support services to achieve housing stability; and

WHEREAS, Metro recognizes the community outreach and collaboration by HereTogether to build a broad coalition of service providers, business and philanthropic representatives, and community members; and

WHEREAS, the Governance Framework represents broad agreement among these coalition partners about the goals, purposes, and outcomes for implementation of the supportive housing services ballot measure; and

WHEREAS, continued regional collaboration with the broad coalition convened by HereTogether, as well as local governments and service providers, is necessary to implement the strategies and achieve the goals and strategies; now therefore,

BE IT RESOLVED:

1. That the Metro Council directs staff to use the Regional Policy Framework, attached as Exhibit A, and the Governance Framework, attached as Exhibit B, for further planning and implementation with Metro, local governments, service providers and other implementers, and the community, and to report on a regular basis to the Metro Council on progress made toward the development of a Supportive Housing Services work plan.
2. That the Metro Council commits to open, inclusive, and transparent community engagement in the development of the work plan and implementation of the measure, including ongoing consultation and coordination with service providers, HereTogether and jurisdictional partners.
