82nd Avenue (Hwy 213)

Project overview

- Included in the 2018 Regional Transportation Plan (RTP)
- Aims to create framework for regional action on jurisdictional transfer
- Opportunity to address issues related to classifications, cost estimates and mechanisms for transfer
- Does *not* commit funds or commit a jurisdiction to transfer

Evaluation approach

Top tier corridors based on technical & readiness evaluations

Work completed

- Policy Framework with best practices
- Inventory & Atlas of candidate corridors
- Evaluation of corridors
- Cost Estimation Methodology
- Roadway classification recommendations
- Equity considerations memo
- Needs Assessment of top tier corridors

www.oregonmetro.gov/jurisdictionaltransfer

How will this work will be used

- JPACT and Metro Council will be “Accepting” the report to carry it forward to the next RTP update
 - Could evolve further in next RTP process
- Will be housed in RTP and will become a tool to help cities/counties complete transfers
- Could become a consideration for how projects in RTP are carried out

Calendar

- Public Comment Period 9/15 - 10/22
- September 15 Metro Council – Informational
- September 16 C - 4 metro sub-committee briefing
- September 17 JPACT – Informational
- October 12 EMCTC, WCCC briefings
- December 17 JPACT and Metro Council – Action to accept final report for inclusion in 2023 RTP Appendix
